CLASS COMMITTEE.

FRANCIS CABOT LOWELL.
WILLIAM MASON BRADLEY.
HARCOURT AMORY.

Class Secretary.
WILLIAM LEVERETT CHASE.

SECRETARY'S REPORT.

In accordance with the usual custom, the following brief *résumé* has been prepared, comprising many facts of a statistical character, of more or less interest to all connected with the Class. The publication has been delayed until after the Races at Saratoga and the tour of the Nine, as there seems to be no particular reason why the first Report should appear before September.

The members of the Class are reminded that the Secretary expects to hear from them frequently, and any change of address should be communicated at once. It is hoped that all will do their part to further the interests of the Class, and place it on a sound financial basis.

All Class notices will be published in the Boston "Advertiser," "Globe," and "Transcript;" and those of special importance in the New York "Evening Post."

The address of the Class Secretary is, In care of H. & L. Chase, Boston, Mass.

The Secretary regrets the incompleteness of the following statistics, and also of the list of Addresses; but many men, in the hurry consequent on graduation, forgot to hand in their cards.

RANK OF THE CLASS.

The rank of the Class, as compared with that of the six preceding Classes, is as follows: —

Freshman Year.

	Class of 1870.	Class of 1871.	Class of 1872.	Class of 1873.	Class of 1874.	Class of 1875.	Class of 1876

Since the introduction of the elective system, and the consequent alteration in the style of publication of the Rank List, a comparison with some of the preceding Classes must be an unfair criterion of the rank of the Class. For the whole course, the rank of the Class is as follows: —

Over 70 per cent	30
Between 80 and 90	16
Over 90 per cent	2

MEASUREMENTS OF CLASS.

An *exceedingly general* idea of the measurement of the Class may be obtained from the following averages, calculated from the somewhat meagre returns handed in. The measurement of the chest is when inflated, and that of the upper arm by the diagonal process.

Height.

FUNDS.

CLASS FUND.

Considering the generous contributions of our Class all through their College course, and the excessive demands made on them, their response to the call for Class subscriptions has been most satisfactory. Many men, too, have postponed subscribing until the fall; and, being of a sanguine disposition, the Secretary has hopes of a large addition to the amount subscribed. Those who have postponed payment until the fall are urged to remit as soon as convenient.

The subscriptions to the Class Fund have been as follows: —

1	subscription of	$300	$300
2	„	250	500
1	„	200	200
2	„	150	300
2	„	125	250
18	„	100	1800
3	„	75	225
42	„	50	2100
23	„	25	575
2	„	15	30
96			$6,280

Average . . . . . $65.40.

COLLEGE FUND.

The first instalment of one-tenth of the subscriptions to this Fund is due next June. All remittances are at once handed over to the treasurer of the Alumni.

The subscriptions to the College Fund have been as follows: —

2	subscriptions of	$300	$600
2	„	250	500
2	„	150	300
6	„	100	600
9	„	75	675
27	„	50	1350
2	„	25	50
1	„	15	15
51			$4.090

Average . . . . . $80.11.

CLASS HISTORIES.

Comparatively little interest has been taken by the Class in the Class Histories, and many men have not even returned the sheets; while some have shirked the task, others may have taken the leaves home to fill out during the summer. The Secretary trusts all lives will be returned to him before September 1st, when the Class-book will be bound.

At the end of every third year, a "Triennial" is published, and is intended to be a continuation of the present Report, giving the addresses of members of the Class, their occupation, records of Class meetings, and other facts connected with the Class. It is desirable that such a Report be as full as possible; and, to secure this end, members of the Class are urged to write the Secretary, at least once every year.

CLASS MEETINGS.

The annual Class Meeting is held at noon, Commencement Day. Due notice of the rooms opened for the Class will be published in the Boston "Advertiser," "Globe," "Transcript," and New York "Evening Post." The meeting next year is of unusual importance, as the question of the ultimate designation of the Class Fund will come before the Class.

CLASS FINANCES.

If the Class Finances admit, there will be a Class Dinner every three years. The Class Secretary takes this occasion to say that the first instalment (20%) of subscriptions to the Class Fund is now due, and to ask those who have not yet paid this instalment to remit him as soon as convenient. Although our subscriptions are not so large as those pledged by the Class immediately preceding us, considering the many calls made on our Class during their College course, and the generous quota it has contributed to sustain the various athletic interests of Harvard, the totals are more than satisfactory. Many, too, have postponed subscribing until next year, and contributions from these (fifty men) undoubtedly will swell the sum. As soon as the Funds have accummulated sufficiently, they will be invested in Government Bonds.

CLASS REPORT.

The present Report, although modelled on that of former Reports, has been changed slightly, and no pains have been spared to make it accurate in every particular. Publication has been delayed to include an account of the Races and Sports at Saratoga, as well as a *résumé* of the tour of the Nine. It is with pardonable pride that the record of "Seventy Six" has been compiled. The Secretary desires to be informed of any inaccuracies or omissions, that they may be rectified in the second Report; errors are sure to occur in a work of such a statistical character, especially when the *data* is culled from ephemeral sources.

CLASS REFORMS.

Brief mention should be made of the changes wrought at Harvard during our College course, — changes made by the Class of its own free will, changes originated for us with kindly consideration, changes brought about after a series of experiments on the Class militant. Hazing has been abolished, the elective system finally established, voluntary recitations introduced. With these changes, others are involved. Under the present liberal policy, the standard of scholarship is rising, and every year will bring improvements. During the course, an important change has been made in our Boating system. The Athletic Association has sprung into being, the Foot-ball team has grown indomitable, the Nine has brought the Crimson to the front, the Crews have shown wonderful perseverance, while the peculiar offspring of our Class, the "Lampoon," has made a most prosperous beginning.

I cannot close this Report without thanking the members of the Class individually for the kind reception I have always met in the many requests I have made during the last six months. The willingness with which you have responded to my troublesome demands has changed an otherwise arduous duty into an exceedingly pleasant one; and convinced me that, though sometimes obscured by transitory feeling, there is a deep, abiding love among all the members of the Class of Seventy Six.

W. L. CHASE,
Class Secretary.
